

Marine Information Bulletin

Commercial licence – Master Class 5 (restricted to inshore waters)

Limits of licence

The holder of this licence can act as master of:

- Commercial ships less than 24 m in length operating within 15 nautical miles (nm) of the coast or the boundaries of designated sheltered waters (smooth and partially smooth water) limits.

Application for licence

Candidates must personally lodge or make appropriate arrangements to lodge their marine licence application on form F3103 with supporting documents at a Maritime Safety Queensland regional office.

Evidence of the prerequisites listed below must accompany the marine licence application. If supplying copies of original documents they must be suitably certified by a Justice of the Peace or a Commissioner of Declarations.

Prerequisites

To be eligible for oral assessment by Maritime Safety Queensland candidates must:

- Be 18 years of age (evidence of identity required).
- Provide a current certificate of medical fitness (issued within the last two years), including eyesight test as defined in medical fitness requirements (USL Schedule 1).

Note: Candidates should undertake eyesight and colour vision testing before commencing training and the issue of an initial commercial licence. Maritime Safety Queensland may issue a licence restricted to daylight hours if the minimum standard for colour vision is not met.

- Provide the notification of result of sea service assessment – form F4686 (valid for one year).
- Provide two recent colour passport photographs (taken within the last 12 months).
- Provide proof of a Marine Radio Operators Certificate of Proficiency (MROCP) or a Marine Radio Operators VHF Certificate of Proficiency (MROVPC).
- Provide a TDM30407 Certificate III in Transport & Distribution (Coastal Maritime Operations – Master Class 5) or statements of attainment attesting to the satisfactory completion of the required competencies (within the last five years) issued by an authorised registered training organisation (RTO).
- Pay the prescribed fees.

For further details refer to general licence profiles on

Maritime Safety Queensland's website.

Note: the units of competency for Elements of Shipboard Safety, and Occupational Health and Safety at Sea are perpetual.

Qualifying sea service

Sea service required for this certificate is 15 months of 'appropriate' sea service

Examiners will use the following as a guide to assess the appropriateness of a candidate's sea service towards a licence:

- Six months appropriate sea service in ships over 8 m in length and less than 35 m in length.
- Six months appropriate sea service beyond sheltered waters.
- 50% to be in the last five years.

Note: All service must be on ships **not** less than five metres in length.

Sea service assessment

Candidates must personally lodge or make appropriate arrangements to lodge their sea service assessment application on form (F4634) at a Maritime Safety Queensland regional office.

Sea service will be assessed using the National Maritime Safety Committee's (NMSC) Principles for Assessing Sea Service – Circular N° 03-2 issued on 7 August 2003. A copy of this document can be accessed at www.msg.qld.gov.au/Licensing/Commercial/Sea-service.aspx.

Candidates must provide a Workplace-based Task Book (WBT book) signed off by an authorised RTO.

Satisfactory completion of the WBT book or a Record of Practical Experience and Sea-Service (ROPES) book will, where applicable, lead to a reduction of 50% of the qualifying sea service; however, completion of a WBT book or ROPES book will not lead to a further reduction of sea service for this and other restricted licences.

Under the Record of Service (ROS) book or ROPES book system, sea service is assessed in the basic unit of a 'month'. A month is defined as a minimum of 150 hours of work over a period of at least 20 days.

Maritime Safety Queensland requires candidates to gain appropriate quality sea service by competently performing the duties relevant to the level and discipline of the licence required. For example, performing the duties and accepting the responsibilities that would be comparable to that of a master, watchkeeper or deckhand onboard a ship.

Maritime Safety Queensland may request supporting documentation (i.e. statutory declarations) to support ROS book or ROPES book entries.

Ratification of sea service does not automatically constitute acceptance. The Maritime Safety Queensland examiner determines final acceptance.

Note: Falsifying sea service is an indictable offence.

Oral assessment

Candidates are required to undertake an oral assessment, independent of the RTO, conducted by Maritime Safety Queensland before being issued a licence.

An appointment for an oral assessment can only be made after all of the requirements for the licence have been satisfied.

Candidates who successfully complete the oral assessment may request a temporary authority to allow them to operate immediately.

Information

Information on RTO locations and Marine Information Bulletins covering various topics relating to marine licensing can be obtained from Maritime Safety Queensland's website at www.msq.qld.gov.au and from the following Maritime Safety Queensland regional offices.
