Tide station data for tide predictions is collected by the Department of Transport and Main Roads (Maritime Safety Queensland); Queensland port authorities and corporations; the Department of Science, Information Technology, Innovation and the Arts; the Australian Maritime Safety Authority (Leggatt Island) and the Australian Hydrographic Service (Bugatti Reef).

The *Queensland Tide Tables* publication is comprised of tide prediction tables from the Bureau of Meteorology and additional information provided by Maritime Safety Queensland.

The tidal prediction tables are provided by the National Tidal Centre, Bureau of Meteorology.

Copyright of the tidal prediction tables is vested in the Commonwealth of Australia represented by the National Tidal Centre, Bureau of Meteorology.

The Bureau of Meteorology gives no warranty of any kind whether express, implied, statutory or otherwise in respect to the availability, accuracy, currency, completeness, quality or reliability of the information or that the information will be fit for any particular purpose or will not infringe any third party Intellectual Property rights.

The Bureau's liability for any loss, damage, cost or expense resulting from use of, or reliance on, the information is entirely excluded.

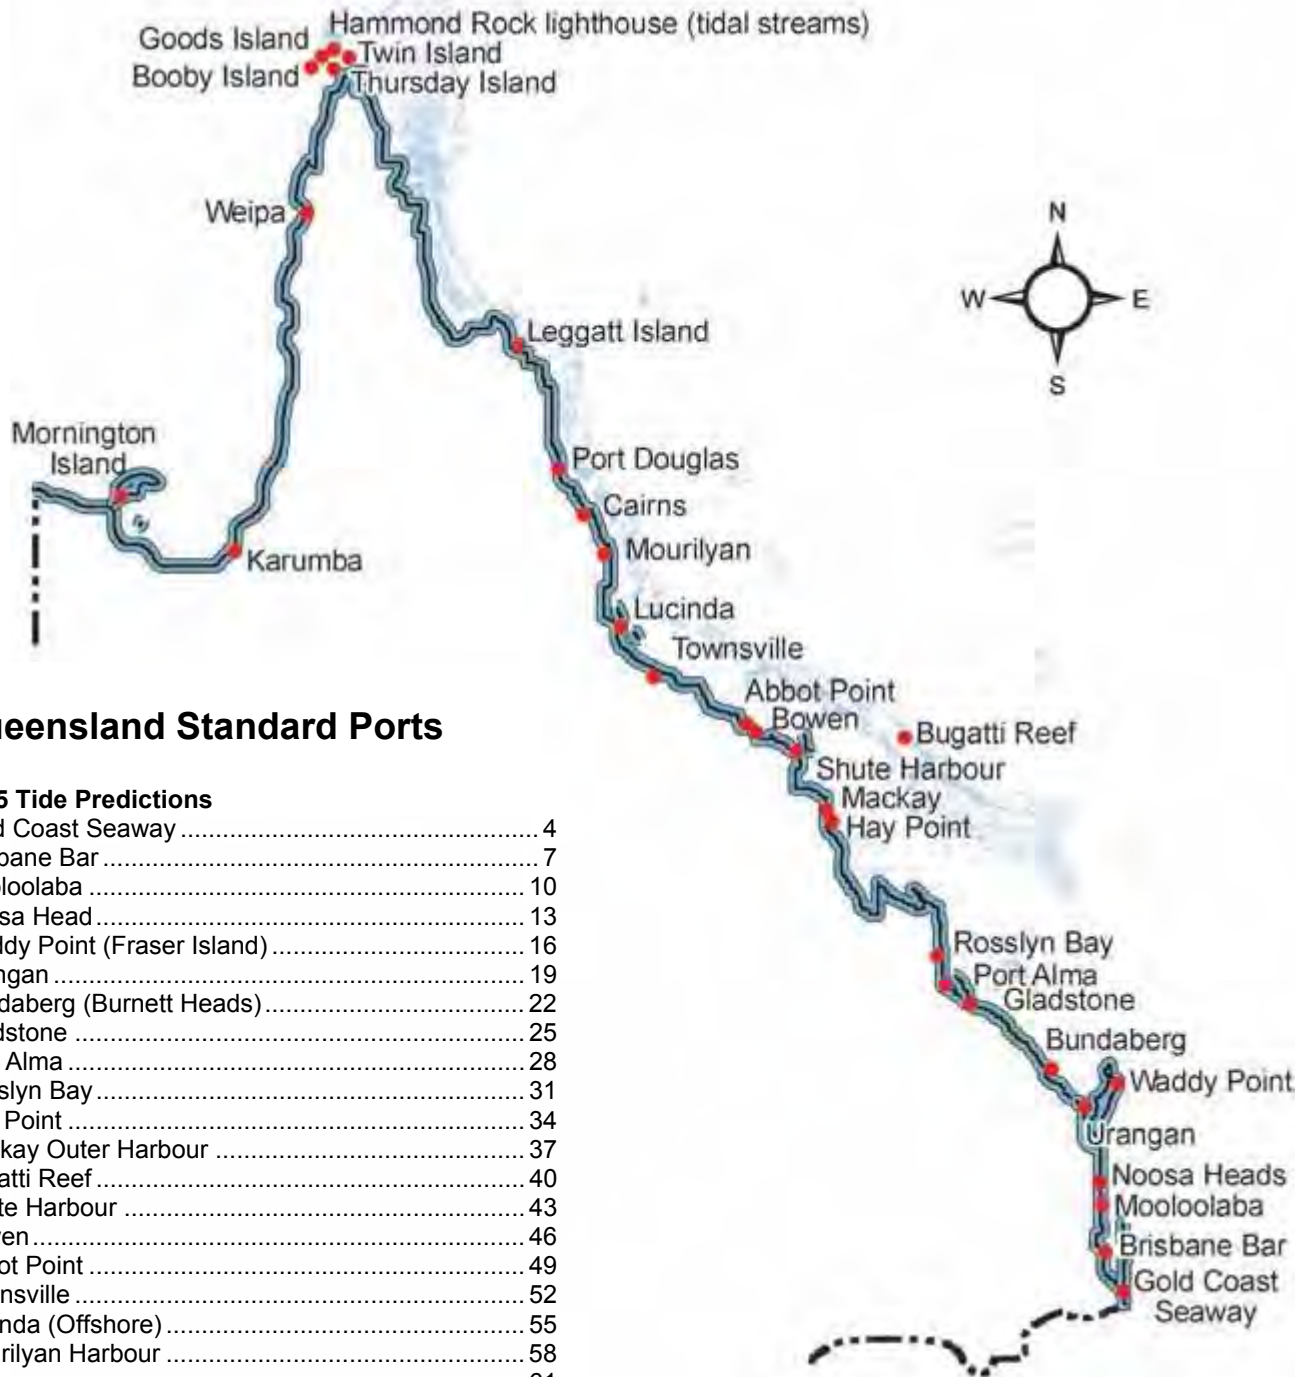

Information in addition to the tide prediction tables is provided by the Department of Transport and Main Roads (Maritime Safety Queensland).

The Department of Transport and Main Roads gives no warranty of any kind whether express, implied, statutory or otherwise in respect to the availability, accuracy, currency, completeness, quality or reliability of the information or that the information will be fit for any particular purpose or will not infringe any third party Intellectual Property rights.
