‘How to’ use this guide
Use this Beacon to Beacon Guide with the ‘How to’ and legend booklet available from
www.msq.qld.gov.au
**Depth contour date information**

Depth contours shown on the maps within this guide are courtesy of Gold Coast Waterways Authority 2018. Selected areas including the Gold Coast Seaway and channels within The Broadwater were surveyed by Maritime Safety Queensland 2019-2020.

**Shark control apparatus exclusion zones**

Exclusion zones exist for waters within 20 metres of any shark control apparatus. It is an offence (fines may apply) to be in an exclusion zone if not transiting directly through. For further information see the Department of Agriculture and Fisheries website at www.daf.qld.gov.au.
Always keep a proper lookout when boating.

Look up and live for power and cable crossings that may not be shown on these maps due to scale or recent construction.

For depth contour date information, refer to the Key Sheet for this guide. Note that depths may change following floods.

Exercise care when travelling outside suggested navigation tracks.

Nautical information current to 6 July 2020
