‘How to’ use this guide
Use this Beacon to Beacon Guide with the ‘How to’ and legend booklet available from www.msq.qld.gov.au
Caution - waters in this part of the river are extremely shallow. Care should be taken when navigating.

Caution - waters upstream of Ross Street Bridge are extremely shallow. Care should be taken when navigating.

Six knot speed limit in all watercourses and canals flowing into the river unless otherwise prescribed. Speed limits apply in the Nerang River. For more details contact Gold Coast Waterways Authority.

Always keep a proper lookout when boating. Look up and live for power and cable crossings that may not be shown on these maps due to scale or recent construction.

CAUTION: depth contours have not been re-surveyed in most areas since the 2011 and 2013 floods. Exercise care when travelling outside suggested navigation tracks.
